"Witty, humorous, a well-constructed plot."-Candace Camp, New York Times bestselling author of *Suddenly A Delightful Tangle of Affairs...* The Earl of Spenborough had always been noted for his

eccentricity. Leaving a widow younger than his own daughter Serena was one thing, but leaving his fortune to the trusteeship of the Marquis of Rotherham ? the one man the same daughter had jilted ? was quite another. When Serena and her lovely young stepmother Fanny decide to move to Bath, Serena makes an odd new friend and discovers an old love. Before long, they're all entangled in a clutter of marriage and manners the likes of which even Regency Bath has rarely seen. What Readers Say: "Bath Tangle has all the fun and frolic that has delighted Ms. Heyer's fans for years" "Brilliant character portrayals, wity dialogue, vivid imagery, and smooth pacing...a novel not to be missed!" "Romance, history, nostalgia-who could ask for more? The story is...full of humorous suspense.

The fourth book in the “outstanding” (Romantic Times) Elemental Assassin fantasy series featuring Gin Blaco, who by day is a waitress at a Tennessee BBQ joint, and by night is a tough female assassin. I’d rather face a dozen lethal assassins any night than deal with something as tricky, convoluted, and fragile as my feelings. But here I am. Gin Blanco, the semi-retired assassin known as the Spider. Hovering outside sexy businessman Owen Grayson’s front door like a nervous

teenage girl. One thing I like about Owen: he doesn’t shy away from my past—or my present. And right now I have a bull’s-eye on my forehead. Cold-blooded Fire elemental Mab Monroe has hired one of the smartest assassins in the business to trap me. Elektra LaFleur is skilled and efficient, with deadly electrical elemental magic as potent as my own Ice and Stone powers. Which means there’s a fifty-fifty chance one of us won’t survive this battle. I intend to kill LaFleur—or die trying—because Mab wants the assassin to take out my baby sister, Detective Bria Coolidge, too. The only problem is, Bria has no idea I’m her long-lost sibling . . . or that I’m the murderer she’s been chasing through Ashland for weeks. And what Bria doesn’t know just might get us both dead.

INTERNATIONAL BESTSELLER • “Merlin Sheldrake’s marvelous tour of these diverse and extraordinary life forms is eye-opening on why humans should consider fungi among the greatest of earth’s marvels. . . . Wondrous.”—Time A mind-bending journey into the hidden universe of fungi, “one of those rare books that can truly change the way you see the world around you” (Helen Macdonald, author of *H Is for Hawk*). WINNER OF THE ROYAL SOCIETY SCIENCE BOOK PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • BBC Science Focus • The Daily Mail • Geographical • The Times • The Telegraph • New Statesman • London Evening Standard • Science Friday When we think of fungi, we likely think of mushrooms. But mushrooms are only fruiting bodies, analogous to apples on a tree. Most fungi live out of sight, yet make up a massively diverse kingdom of organisms that supports and sustains nearly all living systems. Fungi provide a key to understanding the planet on which we live, and the ways we think, feel, and behave. In *Entangled Life*, the brilliant young biologist Merlin Sheldrake shows us the world from a fungal point of view, providing an exhilarating change of perspective. Sheldrake’s vivid exploration takes us from yeast to psychedelics, to the fungi that range for miles underground and are the largest organisms on the planet, to those that link plants together in complex networks known as the “Wood Wide Web,” to those that infiltrate and manipulate insect bodies with devastating precision. Fungi throw our concepts of individuality and even intelligence into question. They are metabolic masters, earth makers, and key players in most of life’s processes. They can change our minds, heal our bodies, and even help us remediate environmental disaster. By examining fungi on their own terms, Sheldrake reveals how these extraordinary organisms—and our relationships with them—are changing our understanding of how life works. SHORTLISTED FOR THE BRITISH BOOK AWARD • LONGLISTED FOR THE RATHBONES FOLIO PRIZE “Entangled Life is a gorgeous book of literary nature writing in the tradition of [Robert] Macfarlane and John Fowles, ripe with insight and erudition. . . . Food for the soul.”—Eugenia Bone, *Wall Street Journal* “[An] ebullient and ambitious exploration . . . This book may not be a psychedelic—and unlike Sheldrake, I haven’t dared to consume my copy (yet)—but reading it left me not just moved but altered, eager to disseminate its message of what fungi can do.”—Jennifer Szalai, *The New York Times*

For the Hmong people living in overcrowded refugee camps in Thailand, America is a dream: the land of peace and plenty. In 1995, ten years after their arrival at the camp, thirteen-year-old Mai Yang and her grandmother are about to experience that dream. In America, they will be reunited with their only remaining relatives, Mai’s uncle and his family. They will discover the privileges of their new life: medical care, abundant food, and an apartment all their own. But Mai will also feel the pressures of life as a teenager. Her cousins, now known as Heather and Lisa, try to help Mai look less like a refugee, but following them means disobeying Grandma and Uncle. From showers and smoke alarms to shopping, dating, and her family’s new religion, Mai finds life in America complicated and confusing. Ultimately, she will have to reconcile the old ways with the new, and decide for herself the kind of woman she wants to be. This archetypal immigrant story introduces readers to the fascinating Hmong culture and offers a unique outsider’s perspective on our own.

When Hester was two years old a wheezy hand-organ would set her eyes to sparkling and her cheeks to dimpling, and when she was twenty the "Maiden's Prayer," played by a school-girl, would fill her soul with ecstasy. To Hester, all the world seemed full of melody. Even the clouds in the sky sailed slowly along in time to a stately march in her brain, or danced to the tune of a merry schottisch that sounded for her ears alone. And when she saw the sunset from the hill behind her home, there was always music then-low and tender if the colors were soft and pale-tinted, grand and awful if the wind blew shreds and tatters of storm-clouds across a purpling sky. All this was within Hester; but without—there had been but little room in Hester's life for music. Her days were an endless round of fish-washing and baby-tending—first for her mother, later for herself. There had been no money for music lessons, no time for piano practice. Hester's childish heart had swelled with bitter envy whenever she saw the coveted music roll swinging from some playmate's hand. At that time her favorite "make-believe" had been to play at going for a music lesson, with a carefully modeled roll of brown paper suspended by a string from her fingers. Hester was forty now. Two sturdy boys and a girl of nine gave her three hungry mouths to feed and six active feet to keep in holeless stockings. Her husband had been dead two years, and life was a struggle and a problem. The boys she trained rigorously, giving just measure of love and care; but the girl—ah, Penelope should have that for which she herself had longed. Penelope should take music lessons! During all those nine years since Penelope had come to her, frequent dimes and quarters, with an occasional half-dollar, had found their way into an old stone jar on the top shelf in the pantry. It had been a dreary and pinching economy that had made possible this horde of

silver, and its effects had been only too visible in Hester's turned and mended garments, to say nothing of her wasted figure and colorless cheeks. Penelope was nine now, and Hester deemed it a fitting time to begin the spending of her treasured wealth. First, the instrument: it must be a rented one, of course. Hester went about the labor of procuring it in a state of exalted bliss that was in a measure compensation for her long years of sacri

But deception has a cruel price to pay when her beloved father is found dead from a heart attack. And worse yet, Stephen, far from providing Eveleen with the comfort she craves, deserts her in her hour of need and callously evicts the Hardcastles from the farm.
