The myths and legends of the Tibetan Book of the Dead come alive in this brilliant first novel by the world-renowned director of stage and opera. Laurel Hunt walked into the office of David Sussman enveloped in a grave beauty that took his breath away. And then she announced that her husband, who was currently in a mental institution, was not crazy but in the grip of something monstrous. Dr.

Sussman had ministered to his patients' fantasies, neuroses, and psychoses for a good number of years; he'd studied in India and Tibet; he'd seen and heard it all before. Or so he thought. This case would take him, against his will and in the face of every scientific law he held dear, into the realms of reincarnation and Buddhist myth. But these realms were not the bottom of this

A good poetry

idea should help the children feel excited about writing and enable them to think of what to write - developing their imagination, creativity and writing skills. *Jumpstart! Poetry* is about involving children as creative writers through writing poems. The book contains a bank of ideas that can be drawn upon when teaching poetry but also at other times to provide a

source for creative writing that children relish. There are more than 100 quick warm-ups to fire the brain into a creative mood and to 'jumpstart' reading, writing and performing poetry in any key stage 1 or 2 classroom. Practical, easy-to-do and vastly entertaining, this new 'jumpstarts' will appeal to busy teachers in any primary classroom. *The Works 4* Macmillan Children's Books

A spectacular and fun spoof pet-care guide to dragons, with clear, concise information on everything from choosing an egg to feeding, grooming and training your dragon, plus spreads on taking your dragon to the vet and teaching it to fly! Very witty and amusing text, kept as brief as possible, accompanies full spread artworks in captions and short paras. Stunning illustrations from M. P.

Robertson show the different types of dragons. Perfect for any child who's ever dreamed of having a dragon in their life.

Byatt writes
some of the
most

engaging and skillful novels of our time. Time magazine calls her "a novelist of dazzling inventiveness." *Possession*, for which Byatt won England's prestigious Booker Prize, was praised by critics on both sides of the Atlantic when it was first published in 1990. "On academic rivalry and obsession, Byatt is delicious. On the nature of possession—the lover by the beloved, the biographer by his

subject—she is profound," said The Sunday Times (London). The New Yorker dubbed it "more fun to read than *The Name of the Rose* . . . Its prankish verve [and] monstrous richness of detail [make for] a one-woman variety show of literary styles and types." The novel traces a pair of young academics—Roland Michell and Maud Bailey—as they uncover a clandestine love affair between two

long-dead Victorian poets. Interwoven in a mesmerizing pastiche are love letters and fairytales, extracts from biographies and scholarly accounts, creating a sensuous and utterly delightful novel of ideas and passions. With an Introduction by the author that describes the novel's origins and its twenty-year gestation, this Modern Library edition is a handsome keepsake for fans of *Possession*—n

ew and old alike.

Ideas of Space in Contemporary Poetry
 Springer
 A stunning collection of poems from a master wordsmith.
 EVIDENCE OF DRAGONS brings Pie Corbett's achingly beautiful

poems together for the very first time. His poems are full of the wonder of the ordinary and introduce us to characters and topics as varied as THE LAST UNICORN, MY BROTHER'S PIG, THE DRAGON WHISTLER, STARS, SHADOW PUPPETS and THE CLOUD APPRECIATION SOCIETY. "The Dragon Whistler tucks stars into her pocket, reaches for a sunset; purses her moonlit lips and

 challenges the

myths and lies of the Confederate legacy—and explores why some of this country’s oldest wounds have never healed. Ty Seidule grew up revering Robert E. Lee. From his southern childhood to his service in the U.S. Army, every part of his life reinforced the Lost Cause myth: that Lee was the greatest man who ever lived, and that the Confederates were underdogs who lost the

Civil War with honor. Now, as a retired brigadier general and Professor Emeritus of History at West Point, his view has radically changed. From a soldier, a scholar, and a southerner, Ty Seidule believes that American history demands a reckoning. In a unique blend of history and reflection, Seidule deconstructs the truth about the Confederacy—that its undisputed

primary goal was the subjugation and enslavement of Black Americans—and directly challenges the idea of honoring those who labored to preserve that system and committed treason in their failed attempt to achieve it. Through the arc of Seidule’s own life, as well as the culture that formed him, he seeks a path to understanding why the facts of the Civil War have

Part history lecture, part meditation on the Civil War and its fallout, and part memoir, Robert E. Lee and Me challenges the deeply-held legends and myths of the Confederacy— and provides a surprising interpretation of essential truths that our | country still has a difficult time articulating and accepting. <i>Dragon Poems</i> HarperCollins Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals July - December) <u>Catalog of Copyright Entries. In 1819 Keats wrote what many consider his greatest poetry. This was the year of Shelley's Prometheus Unbound, The Cenci, and Ode to the West Wind. representation in 1819, especially the great movement for reform that was fueled by threats of mass emigration to America and came to a head that August with an unprovoked attack on unarmed men, women, and children in St. Peter's Field, Manchester, a massacre that journalists dubbed "Peterloo." But the year of Peterloo in British history is notable for more than just the volume,

value, and topicality of its literature. Much of the writing from 1819, argues James Chandler, was acutely aware not only of its place in history, but also of its place as history - a realization of a literary "spirit of the age" that resonates strongly with the current "return to history" in literary studies. Chandler explores the ties between Romantic and contemporary historicism,

such as the shared tendency to seize a single dated event as both important on its own and as a "case" testing general principles. To animate these issues, Chandler offers a series of cases of his own built around key texts from 1819. [Here Be Dragons](#) Routledge This collection of poetry contains poems about everything.
