The Rescue of Bat 21

Hachette UK

Jake Silver may not be able to put the memories of his time as a sniper and Navy SEAL behind him, but at least he can put his skills to use as a part of the Jones Inc. rescue team. Saving the life of pediatric heart surgeon Dr. Aria Sinclair on Denali helped too. Now

he can't get her out of his head, and when he hears she is in the path of a hurricane down in Key West he can't help but jump on a plane to rescue her. Aria has dedicated her life to helping children born with defective hearts. After all, she was one of those children. Now driven to succeed, she lives a lonely, stressful life. One she would have lost on Denali if it

hadn't been for Jake. Jake is exciting and handsome, but he's also dangerous, and she's already lost one person she loves. She can't bear it again. It's not until she finds herself trapped in the middle of a category 4 hurricane that she can admit she needs Jake desperately. With their very survival in the balance, can they hope for a second chance at life . . . and love?

Muscling his way onto a delegation of MPs who happen to be paying the state a visit, Harry finds an unlikely ally in the stubbornly

independent Martha and together they devise a plan to break Zac out of the ancient high-walled prison in the capital, Ashkek. But when, in the depths of winter, the attempt backfires and Harry finds himself taking Zac's place, he realises that he has been lured, unawares, into a terrifying web of international conspiracy. for Young Readers

A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing

team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary "ordinary" group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above

ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author's note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history.

Hero Dogs Henry Holt

and Company (BYR) From the #1 New York Times best-selling author of Max comes a heartwarming, middle grade adventure story about a rescue dog, Chestnut, who befriends a girl trying to save her family's Christmas tree farm in North Carolina.

Chestnut is a dog without a family. After being abandoned in the wild, Chestnut is wandering the North Carolina countryside trying to survive. When twelve-year-old Meg stumbles upon him on the outskirts of her family's Christmas tree farm, she just knows that they're meant to be together forever. The only problem? The farm is on the brink of closing down, and her family can't afford a pet. Meg knows she has what it takes to

save the business and take care of Chestnut—she'll just need to keep him a secret until then. Will Meg and Chestnut get their Christmas miracle?

Max: Best Friend.

Hero. Marine. Fox Chapel Publishing
The adventure continues in the third installment of the action-packed Scout series, from the #1 New York Times bestselling author Jennifer Li Shotz. Scout, a National Guard dog, was born to be a hero. When Scout and his 12-year-old owner, Matt, land in Puerto Rico after a devastating hurricane, they want to help. The pair befriend Luisa, who knows all about the Sato dogs—abandoned pups who need food and

shelter. Scout and Matt decide to foster an injured dog named Rosita. But Rosita is clearly searching for something and runs off into the rainforest. Now it's up to Scout, Matt and Luisa to find the missing dog and bring her back safely.

Surviving the dangers of the wilderness will be far from easy, but Scout and Matt make an excellent team. This fast-moving tale of Scout the hero dog will grab even reluctant readers and is perfect for fans of Cracker!, Max, and Hero.

Omar has to solve the mystery of his missing teacher in the third installment of this highly-illustrated middle-grade series starring a Muslim boy with a huge imagination. Omar is going on his biggest adventure yet—a trip to Pakistan! But his excitement about the trip is interrupted by some shocking news: his amazing teacher is not coming back to school, and no one will say why. When Omar and his friends start investigating, the hints they overhear and clues they find lead them to an alarming conclusion—it must be aliens! Omar has a huge imagination, but saving his teacher from

aliens seems far-fetched even to him. He's going to need out-of-this-world creative thinking and a huge spirit of adventure to solve this mystery!
Blackhorse Riders
 HarperCollins
 When his electronic warfare plane, call sign Bat 21, was shot down on 2 April 1972, fifty-three-year-old Air Force navigator Iceal "Gene" Hambleton parachuted into the middle of a North Vietnamese invasion force and set off the biggest and most controversial air rescue effort of the Vietnam War. After twenty-five years of official secrecy, the story of that dangerous and costly rescue is revealed by a decorated Air Force pilot and Vietnam veteran. Involving

personnel from all services, including the Coast Guard, the unorthodox rescue operation claimed the lives of eleven soldiers and airmen, destroyed or damaged several aircraft, and put hundreds of airmen, a secret commando unit, and a South Vietnamese infantry division at risk. It also examines the thorny debates arising from an operation that balanced one man's life against mounting U.S. and South Vietnamese casualties and material losses, the operation's impact on one of the most critical battles of the war, and the role played by search and rescue as America disengaged from that war.

The untold story of the most important rescue mission not just of the Vietnam War, but the entire Cold War: one American aviator, who knew our most important secrets, crashed behind enemy lines and risked capture by both the North Vietnamese and the Soviets. One Navy SEAL and his Vietnamese partner had to sneak past them all to save him. At the height of the Vietnam War, few American airmen are more valuable than Lt. Colonel Gene

Hambleton. His memory is filled with highly classified information that the Soviets and North Vietnamese badly want. When Hambleton is shot down in the midst of North Vietnam's Easter Offensive, US forces place the entire war on hold to save a single man hiding amongst 30,000 enemy troops and tanks. Airborne rescue missions fail, killing eleven Americans. Finally, Navy SEAL Thomas Norris and his Vietnamese guide, Nguyen Van Kiet, volunteer to go after him on foot. Gliding past hundreds of enemy soldiers, it takes them days to reach Hambleton, who, guided toward his rescuers via improvised radio code,

is barely alive, deeply malnourished, and hallucinating after eleven days on the run. In this deeply-researched, untold story, award-winning author Stephan Talty describes the extraordinary mission that led Hambleton to safety. Drawing from dozens of interviews and access to unpublished papers, *Saving Bravo* is the riveting story of one of the greatest rescue missions in the history of the Special Forces. [Planet Omar: Incredible Rescue Mission](#) HMH Books For Young Readers Professional search and rescue workers consider Susan Bulanda's *Ready! Training the Search and Rescue Dog* "the bible of Search and

Rescue (SAR)," the most sought-after book of its kind detailing canine search and rescue. This second edition, expanded and revised with new color photography, provides readers with the necessary training methods for dogs in various SAR disciplines, including wilderness, evidence, cadaver, water, avalanche, and disaster searches. The author, an experienced SAR professional, details the goals, target skills, and potential problems at each training level of every SAR discipline. Ready! provides descriptions of every type of search, including specific training methods to accomplish each SAR discipline. Professional and volunteer SAR workers

will profit from the Bulandas' expertise on training the dog to alert, managing the search mission, choosing and socializing a SAR dog, and how to train dogs for specific commands (such as bar, turn around, go to an object, check, slow, crawl through and others). Readers curious about the fascinating work of the SAR canine will enjoy the general chapters about the history of SAR, an explanation of how dogs use scent to locate people or objects, and the functions of the SAR dog. This highly specialized training manual offers precise direction for SAR workers for every possible kind of mission, identifying the goals, target skills,

methods and problem solving for each type of search. Color photographs and line drawings help to elucidate difficult concepts explained in the text. A resources section and index conclude this 254-page volume.
