This book offers a theoretically-based study on crimes against protected wildlife in mainland China with first-hand empirical data collected over five years. It provides an overall examination of crimes against protected and endangered wildlife and an extensive account of the situation in China, where a significant portion of the illegal wildlife trade is currently happening. This emerging field has become an important topic for enforcement and governments alike yet remains an under-researched area. The collected data covers illegal tiger-parts trade, the illegal ivory trade, and the consumption of protected wildlife. The book will serve as a useful reference for

scholars, law-enforcement agencies, lawyers, and conservation and wildlife-protection NGO groups to facilitate their understanding of the growing illegal trade in protected and endangered wildlife. The *Illegal Wildlife Trade in China* has three general aims: first, to contribute to the general development of green criminology and specifically to the literature of the illegal transactions of protected wildlife at the distribution stage. Second, it aims to understand how illegal transactions are carried out to create insights for policy makers and law enforcement professionals. Finally, Wong seeks to apply theoretical frameworks (such as that of trust, networks, and situational crime prevention) to the understanding of the distribution of illegal wildlife products in order to make contributions to ongoing sociological and criminological discussions.

This book has been an idea of mine for over ten years. In 2010, I went to France to work as an English-language assistant in a high school in Dijon from October 2010 until April 2011. The school I was assigned to had another English-language assistant from England. In the first few weeks, we went from one class to another to introduce ourselves and talk about our home towns. As my fellow assistant was from England, the description of his home town was not very surprising. When one of the teachers asked me why my hometown was called Dry Ridge, I didn't have an answer for her. I have since learned that Dry Ridge is called Dry Ridge because there were no natural bodies of water at its founding. Since I didn't know that at the time, I told her that I lived in a ``dry''

county, which means that it's illegal to sell alcohol. Her eyes got really big and she exclaimed, "Really?! I did not know that!" After that, I explained to her and the class the alcohol laws in Grant County. "There are no bars. No clubs. No liquor stores. No sale of alcohol in stores or in gas stations. The only legal way you can purchase alcohol is to buy it in a restaurant. However, the restaurant must have a 100-seating capacity and 70% of the revenue must come from food receipts." This subject became an icebreaker for me during my travels in France and surrounding European countries. There were language assistants from various countries around the world and from various states in America, and they all found this topic fascinating. I happened upon a group of Irishmen in Brussels who were having a bachelor party. I had a beer with them and told them about the dry laws in my county. They found it mind-boggling that a country that prides itself on civil liberties and freedom of choice would still have such restrictions. The primary audiences for this book are those who never knew that prohibition still existed in some capacity in America and those who live or have lived in such areas. As mentioned before, the word "dry" in the context of alcohol means that the sale of alcohol is illegal. The word "wet" in the context of alcohol means that it is legal. These two words have been used in this context in American English for decades. English speakers from other countries such as England and Australia are much less familiar with this application of these two words, and speakers of other languages are even less familiar, if at all. While the words "dry" and "wet" are often used, in Kentucky we have another word in the context of alcohol laws: "moist." The original definition of a "moist" county was a dry county that had a "wet" city or precinct in it. The modern definition of "moist" is a county, city, or precinct that allows the sale of alcohol in restaurants. Kentucky has some of the strictest and most complicated alcohol laws in the country, if not the world. After years of having the idea for this book in the back of my mind, I finally decided to put it into action. I figured out that the best way to tell the story of prohibition in Grant County, Kentucky was to research articles in the local newspaper. This book contains every article regarding alcohol, bootlegging, and prohibition from The Grant County News and The Williamstown Courier from the 1890s until 2016. The Williamstown Courier was purchased by The Grant County News in the early 1910s and ceased operations shortly after. The

Digestif section of this book includes sheet music for Every Day Will Be Sunday When The Town Goes Dry, a prohibition-era song. It also includes the most current wet/dry map of Kentucky.

"With tables of cases reported and cited, and statutes cited and construed, and an index." (varies)

Business Law and the Legal Environment, Standard Edition

Penguin

You're probably breaking the law right now-and don't even know it. Did you know...? Naples, Italy, enforces laws for what constitutes real pizza, and "pizza police" visit restaurants to crack down on unlawful pies? In West Virginia it is a crime to display or possess a red or black flag? It is illegal to sell stuffed articles depicting female breasts within a thousand feet of any county highway in California? Spherical fishbowls have been banned in Rome since 2004? There are hundreds of bizarre laws that we could be breaking at any moment. What exactly are we doing that we shouldn't be doing, and what happens if we get caught? In this engaging and insightful collection, Nathan Belofsky takes us on a journey of eclectic, unexpected, and bizarre laws from around the world. Written by a practicing lawyer with an eye for his profession's most unusual quirks, *The Book of Strange and Curious Legal Oddities* offers a delightful look at the legal system's peculiarities through the ages. From laws that crack down on how we eat, look, and have sex, to real legal battles involving litigious chimpanzees, you'll start wondering whether you're really the law-abiding citizen you claim to be.

Massachusetts Digest PSS Adult Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana.

Lawyers' Reports Annotated Lulu Press, Inc

A definitive resource for understanding such far-reaching and often interconnected crimes as cyber theft, drug trafficking, human smuggling, identity theft, wildlife poaching, and sex tourism. • Includes primary source documents such as international treaties and conventions related to global crime • Provides quick access to key terms, events, individuals, and organizations playing a key role in combating global crime • Includes suggested sources for additional information in each entry to aid readers who want to examine the topic in more detail • Features scholars and

practitioners from more than 10 countries who have specific knowledge of, and experience with, many of the global crimes covered in the work

The American and English Annotated Cases Springer

French visitors claimed that if an Englishman was tired of his wife he could sell her at Smithfield Market. Yet it was never made illegal, and many pretended it did not happen at all. This is the story of English marriage and unmarried, of human and in particular women's rights. This book is about English law, rituals, families and much more.

The Anarchist Cookbook Springer Nature

2009 RUSA Outstanding Business Reference Business in today's world is increasingly diverse. Undertaking commerce, even by an individual, can mean working globally through a welter of new media with opportunities of all kinds rapidly appearing. The boundaries, scope, content, structures, and processes of a business activity can morph into completely different ones in the course of a project. Contemporary businesses, and certainly future businesses, find it incumbent upon them to fit within the requirements of environmental and economic sustainability of the others who inhabit our world. With more than 1,000 entries, the *Encyclopedia of Business in Today's World* is packed with essential and up-to-date information on the state of business in our world. Not only does it reflect where business is, it also conveys the trajectory of business farther into the 21st century. These four volumes provide clear overviews of the important business topics of our time, ranging from culture shock to currency hedging, political risk, offshoring, and transnational corporations. The wealth of topics represent an integrated vision by the editor of a perplexity of functions, technologies, and environmental factors. Key Features Provides insight into the development and current business situation globally through articles on many individual countries Examines the processes, responsibilities, and ethics of business in the global market Offers entries written by experts from diverse fields Includes an appendix that looks at World Trade Organization statistics Presents a vast range of topics, including key companies, business policies, regions, countries, dimensions of globalization, economic factors, international agreements, financial instruments, accounting regulations and approaches, theories, legislation, management practices and approaches, and much more Key Themes Competitive Forces Countries Corporate Profiles

Cultural Environments Economics of International Business Economic Theories of International Business Ethics, Corruption, and Social Responsibility Export/Import Strategies Foreign Direct Investment Globalization and Society Human Resource Management International Accounting International Finance International Monetary System International Trade Legal and Labor Issues Management and Leadership Manufacturing and Operations Marketing Political Environments Regional Economic Integration Supranational and National Organizations The Encyclopedia of Business in Today's World serves as a general, nontechnical resource for students, professors, and librarians seeking to understand the development of business as practiced in the United States and internationally.

Digest of the Lawyers Reports

Annotated, Volumes 1-70 Cengage Learning

Publishing Law is an authoritative and engaging guide to a wide range of legal issues affecting publishing today. Hugh Jones and Christopher Benson present readers with clear and accessible guidance to the complex legal areas specific to the ever evolving world of contemporary publishing, including copyright, moral rights, contracts and licensing, privacy, confidentiality, defamation, infringement and trademarks, with analysis of legal issues relating to sales, advertising, marketing, distribution and competition. This new fifth edition presents updated coverage of the key principles of copyright, as well as new copyright exceptions, licensing and open access. There is also further in-depth coverage of the legal issues around the sale of digital content. It explains the types of proverbs and shows the richness hidden below the surface when you understand their structure and meaning. This Bible study pamphlet is perfect for group and individual Bible study and makes an excellent gift or church handout!

The Laws of Vermont Relating to the Illegal Sale and Use of Intoxicating Liquor

Harvard University Press

Collects over one hundred odd, unusual, or just plain silly laws and regulations that have been, or still remain, actual legislation

State of New York Supreme Court Appellate Division Fourth Department ABC-CLIO

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice

concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

The Southeastern Reporter

Rex Feral kills for hire. Some consider him a criminal. Others think him a hero. In truth, he is a lethal weapon aimed at those he hunts. He is a last recourse in these times when laws are so twisted that justice goes unserved. He is a man who feels no twinge of guilt at doing his job. He is a professional killer. Learn how a pro gets assignments, creates a false identity, maizes a disposable silencer, leaves the scene without a trace, watches his mark unobserved and more. Feral reveals how to get in, do the job and get out without getting caught.

Southern Reporter

Homeschooling Gifted Kids gives parents a great deal of practical support and confidence to meet the academic needs of their bright and twice-exceptional learners.

Annotated Cases, American and English

The Thrift Store Bears are individual teddy bears that have been disgarded and sent to thrift stores. Over a period of time the bears are bought (rescued) and brought home to a little redwood house not far from the sea and live together in a sunny room downstairs. Each bear has a special personality. Some have problems to overcome or are trying to overcome. All of the bears share the joy of friendship and having fun. On the accompanying CD each poem is naratted with music and sound effects specifically suited to the character and the situation in which the character finds itself. 'Tiny Bear' found himself being ignored and he is so small that he sometimes gets stepped on, leaned on and pushed. He undertakes a rigorous excercise program and solves his problems. 'Hunny Bear,' is pestered by bees who though she will give the bees honey fron her honey pot they would rather get it from the honey that she spills on her coat. 'Mike the Motor Cycle Bear' likes to take his bear friends on wild imaginary motorcycle rides. 'The Grump' is a mock grumpy bear who complains about everything but he can't be too bad because in his picture he has a little bear on his lap. Amanda 'The Dancing Bear' loves to dance and she dances "like a flame in the fire: with a sizzle, a twizzle a fiery fizzle." These are a few examples of the twenty seven poem/stories in 'The Thrift Store Bears.' The Thrift Store Bears

book is a winner of the NABE (National Association of Book Exhibitors) Pinnacle Book Achievement Award, children's category.

Selling Hope

Based on leading empirical psychological research from around the world, this book offers valuable insights on women who sell sex. It synthesizes the extensive body of scholarly work on the topic of women selling sex from a psychological perspective in order to understand why women choose to do so. In turn, the book highlights a range of important sociocultural contexts surrounding the sale of sex that are major sources of stress, and examines how women cope with these circumstances. Illustrating the multi-faceted nature of selling sex, the book will

contribute to debates on individual and societal responses to this major sociopolitical—and at the same time, deeply personal—issue. Including original case material and outlining future directions for researchers, it offers an informative and engaging resource for academics, researchers, students and professionals around the globe.

Encyclopedia of Business in Today's World

Packed with current examples and engaging scenarios, *BUSINESS LAW AND THE LEGAL ENVIRONMENT, STANDARD EDITION, 7E* has earned the stamp of approval from trial and appellate judges, working attorneys, scholars, and teachers for its full breadth of business law coverage. Extremely reader-friendly, the text is known for its lively, conversational

writing style that explains complex topics in easy-to-understand language as it illustrates how legal concepts apply to everyday business practice. The seventh edition includes a new emphasis on the digital landscape, expanded coverage of international law, and new information on privacy issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
