Law An Introduction Akehurst's Modern

Introduction to International Law continues

to offer a concise and accessible overview

of the concepts, themes and issues central

to international law. This fully updated

eighth edition encompasses the plethora

of recent developments and updates in

the field, and includes new dedicated

chapters on international human rights,

self-determination and international

economic relations, an extended history

and theory section reflecting the evolution

of new and critical ... Akehurst's Modern

Introduction to International Law - 8th ... It

describes the importance of international

law from the perspective of the rights of

states, reciprocity among governments,

and collaborative efforts to achieve

stability and peace. And, by interweaving

traditional subjects (e.g., statehood and

sover. Citing both theory and case law,

this book focuses on the political dynamics

involved in contemporary international

law. Modern International Law: An

Introduction to the Law of ... According to

Bentham's classic definition, international

law is a collection of rules governing

relations between states. It is a mark of

how far international law has evolved that

this original definition omits individuals

and international organizations—two of

the most dynamic and vital elements of

modern international law. Furthermore, it

is no longer accurate to view international

law as simply a collection of rules; rather,

it is a rapidly developing complex of rules

and influential ... international law |

Definition, History, Characteristics ... First

published in 1970, A Modern Introduction

to International Law rapidly established

itself as the most widely used and

successful textbook in its field. It covers a

variety of topics from diplomatic immunity to human rights and from recognition of governments to war crimes.
