The Saga of Sandy
Clyburn by Mocktime
Publication

Have you ever
wondered how you get
to there from here?
This original children's
book will take you on
an adventure from
here to there, there to
here, and all the
magical places in
between. With it's
delightful text and
whimsical illustrations,
this story is bound to
be one of your child's
favorites.

Adhunik Bharatacha
Itihas Digital University

Civil services are one
of the most famous
and respectable career
options among the
youth. Civil Service is
the only body of
government officials
who are employed in
civil occupations that
are neither political nor
judicial. Public Service
Commissions of both
central and state
governments are the
main recruiters of
graduate civil service
aspirants. The Civil
Servants look after the
administration of the
state. Their role is not
only confined to
administration.

Implementation and
adherence of rules and
regulations in their
jurisdiction comprise
their main task.

Poverty and Un-

British Rule in India

Disha Publications
 India's struggle for Independence by Bipin Chandra is your go to book for an in-depth and detailed overview on Indian independence movement . Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra's book is a well-documented history of India's freedom struggle

against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey's mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of this book are dedicated to Mahatma Gandhi's non-cooperation and the civil disobedience movements. It contains detailed description of Subash Chandra Bose's weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its

entirety. Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

General English for All Competitive Examinations by Mocktime Publication Study Package for Maharashtra PSC &

other Competitive Exams English Edition is the first of its kind study material prepared exclusively for the Maharashtra PSC Exams. The Book has been divided into 2 parts and 8 Units. Part 1 covers Indian General Studies – History, Polity, Economy, Geography, Environment and Science & Technology, Part B covers matter pertaining to Maharashtra General Studies, Maharashtra Prelim Solved Papers & Maharashtra Mains Solved Papers. Each subject is further divided into Chapters which provides detailed Snapshot followed by Practice Exercises. The Maharashtra General Studies covers the entire History, Polity, Economy, Geography,

Panorama etc. related to Maharashtra followed by a Question Bank. The book also provides the Physical and Political Maps of Maharashtra.

& II) For Complete

Preparation

Increasingly, modern

medicine relies on so

called traditional or ancient medical knowledge. Holistic practices such as adhering to proper diet, observing rules for appropriate behavior, and administering medical preparations are coupled with the latest technology and methods to treat the whole patient. In light of this trend, there is much to be gained from understanding of one of the oldest medical systems still in existence. Tibetan Medicinal Plants provides you a detailed analysis of how Tibetan plants are used in this centuries old system. The book opens with a summary of Tibetan medicine and covers the various habitats in which the plants are found. The main part of this volume

encompasses 60 monographs listed by the Tibetan plant name. Each monograph consists of several chapters addressing different topics related either to the Tibetan or the Western approach. Most of the monographs contain a description of the macroscopic and microscopic characteristics of the used plant parts, and anatomical features of 76 plants are provided. Each monograph presents an overview of the known chemical constituents and pharmacological properties of each plant and describes their use in Tibetan medicine. In contrast to other publications on Tibetan medicine, where translations of the Tibetan terms are

given in other languages, this book treats the Tibetan word as a technical term, keeps the Tibetan term and explains its meaning, lessening confusion by reducing the number of translations. Traditional Tibetan medicine has been in existence for centuries. Curative practices existed in the prebuddistic era, and the art of healing developed more than 2500 years ago. Tibetan Medicinal Plants provides a comprehensive overview of all plant types, thus making it easier to grasp the Tibetan concept. It gives you a comprehensive look at this centuries old science.

Answers Chandresh Agrawal

A thorough and incisive introduction to contemporary India. The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling *India's Struggle for Independence*, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining

contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an

overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

MPSC-

Maharashtra Technical Service Joint Prelims Exam: Reasoning Subject EduGorilla

The thoroughly Revised & Updated 2nd edition of the Bestselling title 'Shortcuts in Quantitative Aptitude with Ebooks' provides Quality Material to aspirants at a reasonable price. The book has been updated

with a lot of new Shortcuts, tips and tricks of Quantitative Aptitude. Thus, the book not only enhances your efficiency but also helps you to master the subject.
