Life is full of tough calls and daunting decisions. The question isn't if you'll face a big decision in the future, but how you'll face the tough call that's guaranteed to come your way. Think about it. There are wedding proposals to ponder, college applications to submit, career moves to make, homes to sell, and confrontations to consider. And, knowing how poorly things could go, we sometimes find ourselves facing these decisions with a deep fear of future regret. The pressure is on. Or is it? Short and straightforward, yet full of practical insight and spiritual truths, *Tough Call*, will help you see that the Christian faith offers a mindset to confidently and joyfully make your next big decision. More importantly you'll see that you can face life with your fears recognized, your peace maximized, and your hope anchored in something greater than your ability to "get it right." Readers familiar with authors like Acuff, Chan, and Tchividjian will resonate with Matt Popovits's witty, practical, and gospel-centered take on complicated topics. *Tough Call* is an enjoyable and essential read for any and all facing a major decision.

The New York Times Bestseller and A Reese's Book Club Pick "This love story between Lucy & Gabe spans decades and continents as two star-crossed

Was he meant to be the last? Lucy is faced with a life-altering choice. But before she can make her decision, she must start her story—their story—at the very beginning. Lucy and Gabe meet as seniors at Columbia University on a day that changes both of their lives forever. Together, they decide they want their lives to mean something, to matter. When they meet again a year later, it seems fated—perhaps they'll find life's meaning in each other. But then Gabe becomes a photojournalist assigned to the Middle East and Lucy pursues a career in New York. What follows is a thirteen-year journey of dreams, desires, jealousies, betrayals, and, ultimately, of love. Was it fate that brought them together? Is it choice that has kept them away? Their journey takes Lucy and Gabe continents apart, but never out of each other's hearts. This devastatingly romantic debut novel about the enduring power of first love, with a shocking, unforgettable ending, is *Love Story* for a new generation. "It's the epic love story of 2017."—Redbook

Path of Fire and Light Schocken

A book of modern mysticism about rediscovering the true meaning of faith and how to reclaim our spiritual wisdom. *Light on Fire* is the soulful exploration of one woman's journey to awakening and becoming a modern-day Christian mystic. It's a compassionate guide that will support others on the path to awakening by offering new insights and practical guidance on how to reconnect with our innate spirituality. In her search to understand her own spontaneous awakening, Aedamar discovered that awakening is a natural life process from which we have become estranged. In beautifully

poetic language, and through accessible philosophy, Aedamar shares how and why we are designed to wake up, and to experience Divine Union, in the ordinary course of life. Waking up is what is now needed to heal ourselves and the deeply rooted traumas of Western society. Light on Fire concludes with 'The Path of Gold', Aedamar's seven-stage guide to awakening that offers a model for rediscovering Divine Love in everyday life. It helps us to reconnect with our spiritual wisdom, which is critical as we enter a new era that uniquely calls us to mysticism and to love.

Type "Mikhail Kalashnikov" into Google and the biography of the inventor will come back to you almost at the speed of light. Squeeze the trigger of a Kalashnikov and a bullet is kicked up the barrel by an archaic chemical explosion that would have been quite familiar to Oliver Cromwell or General Custer. The gun—antique, yet contemporary—still dominates the world. Geopolitical events and even consumer culture have been molded by the often-unseen research that firearms evoked. The new science of Galileo Galilei and Isaac Newton owed much to the Renaissance study of ballistics. But research into making guns and aiming them also brought on the more recent invention of mass production and kickstarted the contemporary field of artificial intelligence. This book follows the history of the gun and its often-unsuspected wider linkages, looking from the first cannons to modern gunnery, and to the yet-to-be-realized electrical futures of rays and beams.

Path of Light Brandt Tobler

Awe and exhilaration--along with heartbreak and mordant wit--abound in Lolita, Nabokov's most famous and controversial novel, which tells the story of the aging Humbert Humbert's obsessive, devouring, and doomed passion for the nymphet Dolores Haze. Lolita is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America. Most of all, it is a meditation on love--love as outrage and hallucination, madness and transformation.

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.
