Wanted: Dating coach to help hot nerd win back the woman of his dreams... Picture this - I'm ready to win back the love

of my life, and I'm going big this time. We're talking boom box, sing her name in the rain, let the whole damn neighborhood know I'm good and ready this time around. After all, if you're going to grand gesture the ever-loving hell out of a second chance, you need to pull out all the stops. There's only one little problem. My college girlfriend isn't the one who shows up when I play my "I'll do anything to win you back" tune. The woman who flings open the second-floor window

tells me my ex doesn't live here anymore. But she'll help me win her back. Anything for romance, anything for a guy so willing to go big for love. And that's what I want at first. Until I get to know my new "romance coach" and discover she's funny, clever, and keeps me on my toes. And boy, do I ever need that. Now I don't want to win anyone else's heart. I want the woman who's been helping me all along. Trouble is - she thinks I'm in love with someone else, and when we take off on a

road trip, everything I think I know about women is about to be unzipped and turned inside out.

★★★ Unlock all the features of your Galaxy phone  
★★★ Let's face the facts: when it comes to tablets, most people think about iPad; that's a shame because while Apple may dominate the headlines, when it comes

to number of tablets sold and technology innovation, Samsung frequently has them beat. If you are making the switch from iPad to Samsung or are upgrading from another Android or Samsung tablet, then this guide will walk you through the basics of the operating system. It's going to cover only what most people want to know—so if you are looking for something highly technical that teaches you how to set up private virtual networks, then keep looking. But if

you want something that teaches you all kinds of cool tricks and helps you get started, then this book is for you. You'll learn about: Setting up your tablet Installing apps and widgets Connecting to Wi-Fi Changing themes and wallpaper Using Gestures Using the camera Surfing the Internet Changing system settings Using Samsung Kids mode And much more! Note: This book is not endorsed by Samsung and should be considered unofficial.
