 AUTHOR

Devils may seek to corrupt your faith and mind, and demons certainly look to twist your body and destroy your home. But the fiends known as daemons seek something altogether more fundamental from mortals - they seek life itself! Evil without the distraction of binding law or capricious chaos, they look to the world with hungry eyes for fresh souls to consume. Horseman of the Apocalypse continues the Book of the Damned series by taking a detailed look at the daemons - ushers of catastrophe and harbingers of disaster. Personifying the worst ways a person can die, daemons constitute the third arm of major fiendish races, hailing from the

nightmare realm of Abaddon, where they are led by four legendary figures- the so-called Horsemen of the Apocalypse! [The Four Horsemen](#) Brenda K. Davies

HOW AWARE ARE CHRISTIANS AROUND THE WORLD OF THE SIGNS APPEARING IN ISRAEL OF JESUS RETURN? Who are those riders of doom and what do they symbolize according to Christian and Jewish prophecies? The bow, the sword, the scale... They have a completely different meaning for those who can read the original Hebrew text and understand the local context. Once you will be informed of the facts that are hidden from you, you too will easily understand why so many in Israel claim that they had already arrived, setting the stage for the coming of the Messiah. IT HAS BECOME CRITICAL NOW DUE TO RECENT EVENTS IN JERUSALEM THAT FIRED THE OPENING SHOT FOR THE APOCALYPSE. The "Trump Declaration" of moving the American embassy to Jerusalem had speed up a series of events that would have harsh implications on the very survival of Christianity in the Holy-Land. Only a few are aware of the disappearance of Christianity from Israel, soon it will be no more than a memory. THIS BOOK IS A WARNING FOR ALL LOVERS OF CHRIST. Christians, Messianics and even Jews or Muslims who respect other faiths. We must all act now, Christianity is almost gone completely from the land of the Bible. Our first step is to be informed of the truth in order to block the conspiracy of the Holy Land. WHY DID I WRITE THIS BOOK? AM I A CHRISTIAN? I am not, I am an Israeli Jew who lived in the Holy Land all my life. I served in the Israeli army and spend many years in Jerusalem. I knew very little about Christianity until one day I had a vision that changed the course of my entire life. Today I run the Eternal-Jerusalem.com project that protects Jesus legacy and Christianity in Israel from those who try to abolish it. As I discovered that the global Christian and Jewish communities are completely ill-informed about the disappearance of Christ from the Holy Land. I decided to write a book series to with real examples and showcases that were never published in global media for reasons unknown or should I say undeclared. WHY SHOULD JEWS AND OTHERS NONE CHRISTIANS CARE? We are all one new man. Should we allow the different worship style confuse us from the fact that we are all God's children? Even if you do not accept Jesus as your savior, is that a reason to deliberately harm those who do? As a Jew, I was taught to act with love towards others as I would to myself. Ask your self, would you want your Synagogue, Mosque or Temple be disrespected by others? The meaning of Jewish mysticism is "Kabbalah" which

means "receiving." And the essence of it is that for receiving you must first GIVE. JEWS AND MUSLIMS WHO WISH TO EARN RESPECT MUST FIRST SHOW RESPECT.

Genghis Khan and the Making of the Modern World Saiph Series

A line-up of the dirty dealers and defenders of the indefensible who are definitely not "making America great again" Donald Trump has assembled a rogue's gallery of alt-right hatemongers, crony capitalists, immigrant bashers, and climate-change deniers to run the American government. To survive the next four years, we the people need to know whose hands are on the levers of power. And we need to know how to challenge their abuses. John Nichols, veteran political correspondent at the Nation, has been covering many of these deplorables for decades. Sticking to the hard facts and unafraid to dig deep into the histories and ideologies of the people who make up Trump's inner circle, Nichols delivers a clear-eyed and complete guide to this wrecking-crew administration.

Heir to one of the leading "Four Horsemen" mercenary companies, Jim Cartwright is having a bad year. Having failed his high school VOWS tests, he's just learned his mother bankrupted the family company before disappearing, robbing him of his Cavalier birthright. But the Horsemen of eras past were smart—they left a legacy of equipment Jim can use to complete the next contract and resurrect the company. It's up to Jim to find the people he needs to operate the machinery of war, train them, and lead them to victory. If he's good enough, the company can still be salvaged. But then again, he's never been good enough.

NEW YORK TIMES BESTSELLER • The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age—by the author featured in *Echoes of the Empire: Beyond Genghis Khan*. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal religious freedom, and smashed feudal systems of aristocratic privilege. From the

story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made.

The Four Horsemen and Vee's story continues in book four of this reverse harem urban fantasy series. The previous books must be read first. Assassins, ancient magic, and the mysterious Collector bring new challenges to the Horsemen. Can the five find the answers they need before it's too late? Three humans are dead, and the search is on for the surviving member from Vee's online group. If he's alive, Seth could hold the key to who's behind the attacks -- and why the group are targets. Thanks to their broken alliance with the fae, the Four Horseman and Vee must turn to others for help and are pulled deeper into the supernatural underworld. The danger the world faces is greater than they imagined and someone is determined the Horsemen will fail. The Four Horsemen will each do whatever it takes to protect Vee, but as Vee's relationship with the guys intensifies, so does her power. How powerful can she become and at what cost to the Four Horsemen's future?

Jason Sterling had a simple life by all accounts. He had worked the same job his entire adult life, he had never married and he had no children. His father's death set events in motion too great to walk away from. When an Electromagnetic Pulse brings the modern world to its knees, Jason's choice proves to be the right one. *Cartwright's Cavaliers* Bold Type Books

Welcome to the Nightworld Academy, attended by vampires, shifters, and witches. A place filled with harmony and mutual respect between the supernatural races. Sometimes. I'm told my curse is a gift. A valuable one that could cost me my life. My visions of the future are weird, but my new school is weirder. All lessons take place in the evening and the majority of students are on an advanced program where they take extra classes late into the night. I enrolled at the academy because my last school expelled me for punching another student. Nobody believed that I knocked Tyler unconscious to stop somebody else dying. But why would they believe the crazy girl? I expected to meet other troubled teens here, but the pupils are predictable for an English boarding school. There's Ash, the rugby team captain and the academy's most popular guy. Then there's Andrei, the moody guy with a bad attitude who takes pleasure in annoying me. And Jamie who's studious and friendly but intense. I thought I had the academy figured out: the mean girl, the quirky friend, the nerd, the emo, and the jock. But on the evening I swear allegiance to my new school house, everything spins out of control and I realise I'm dealing with more. Much more. One of us will die, and I know who. Term One is the first in this new upper YA/NA series of magic academy books. The main characters are eighteen and older and this is a slow burn RH. As the series is set at a school in England, the books are written in British English. The Great Leveler St. Martin's Press
In 2007, Christopher Hitchens, Richard

Dawkins, Sam Harris, and Daniel Dennett filmed a landmark discussion about modern atheism. The video went viral. Now in print for the first time, the transcript of their conversation is illuminated by new essays from three of the original participants and an introduction by Stephen Fry. At the dawn of the new atheist movement, the thinkers who became known as "the four horsemen," the heralds of religion's unraveling—Christopher Hitchens, Richard Dawkins, Sam Harris, and Daniel Dennett—sat down together over cocktails. What followed was a rigorous, pathbreaking, and enthralling exchange, which has been viewed millions of times since it was first posted on YouTube. This is intellectual inquiry at its best: exhilarating, funny, and unpredictable, sincere and probing, reminding us just how varied and colorful the threads of modern atheism are. Here is the transcript of that conversation, in print for the first time, augmented by material from the living participants: Dawkins, Harris, and Dennett. These new essays, introduced by Stephen Fry, mark the evolution of their thinking and highlight particularly resonant aspects of this epic exchange. Each man contends with the most fundamental questions of human existence while challenging the others to articulate their own stance on God and religion, cultural criticism, spirituality, debate with people of faith, and the components of a truly ethical life. Praise for *The Four Horsemen* "This bracing exchange of ideas crackles with energy. It's fascinating to watch four first-class minds explore a rugged intellectual terrain. . . . The text affords a different, more reflective way of processing the truly vital exchange of ideas. . . . I commend the book to those seeking an honest reckoning with their religion—and those curious about how the world looks from a rigorously naturalistic and atheistic point of view."—Pittsburgh Post-Gazette "The full, electrifying transcript of the one and only conversation between the quartet of luminaries dubbed the 'four horsemen' of the New Atheism, which took place in Washington, D.C., in 2007. Among the vast range of ideas and questions they discuss: Is it ever possible to win a war of ideas? Is spirituality the preserve of the religious? And, are there any truths you would rather not know?"—The Bookseller (UK) (starred review)

The Last Templar McClelland & Stewart
Are mass violence and catastrophes the only forces that can seriously decrease economic inequality? To judge by thousands of years of history, the answer

is yes. Tracing the global history of inequality from the Stone Age to today, Walter Scheidel shows that it never dies peacefully. The Great Leveler is the first book to chart the crucial role of violent shocks in reducing inequality over the full sweep of human history around the world. The "Four Horsemen" of leveling—mass-mobilization warfare, transformative revolutions, state collapse, and catastrophic plagues—have repeatedly destroyed the fortunes of the rich. Today, the violence that reduced inequality in the past seems to have diminished, and that is a good thing. But it casts serious doubt on the prospects for a more equal future. An essential contribution to the debate about inequality, *The Great Leveler* provides important new insights about why inequality is so persistent—and why it is unlikely to decline anytime soon.

Horsemen of the Trumpocalypse

The titanic struggle for control of the stars reaches its bloody conclusion in the final chapter of the bestselling *Saiph* Series. *Search for the Saiph* Daughter of Shadow Christopher Hitchens, described in the London Observer as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

The Revelations are over; the Omega War has begun.The plot by the Galactic Union's Mercenary Guild against the Four Horsemen has culminated in an invasion of Earth. Faced with an overwhelming force, the Human mercs had no choice. They've fled, leaving Sansar Enkh to go to the Mercenary Guild headquarters on Capital Planet to stand trial for humanity.On the run, Jim Cartwright and Nigel Shirazi have travelled to the Winged

Hussars; secret base of New Warsaw, in an effort to convince Alexis Cromwell to join the fight, while the other mercenaries who escaped the fall of Earth have gone to the perceived safe haven of Karma. Alexis Cromwell is reluctant to commit to an unwinnable fight, though, and there is no safety to be found in Karma. When the Mercenary Guild Tribunal is revealed to be a sham, the Horsemen are forced to choose; is it better to hide and protect the Human race, or is it time to fight for what they believe in? All is not as it seems, though, and the galaxy stands poised on the brink of a second Great Galactic War. Vastly outnumbered, the Four Horsemen had better come up with a stellar plan, or for them, it might well be A Fiery Sunset.

God Is Not Great Independently Published
 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.
