### JAIDYN JAXSON

---

**Guía del brandy de Jerez** Simon and Schuster  
 This classic cookbook brings more than 400 of the traditional foods of Spain—with their extraordinary range of flavors—into the home kitchen. To search out the finest Spanish recipes, Penelope Casas traveled over 25,000 miles, crisscrossing the country. Region by region, she found local cooks and discovered their secrets, often putting to paper recipes that had never before been set down. In *The Foods and Wines of Spain*, she brings us savory meat and fish pies from the Celtic lands of Galicia; a legendary bean dish from the coastal mountains of Asturias; the renowned romesco sauce of ground almonds and dried sweet peppers from Cataluña; paellas from the rice paddies of

Valencia; simple but exquisite fish dishes from Andalucía; breads from the wheat fields of Castilla; honey-drenched pastries from Extremadura; and much more.

**The Foods and Wines of Spain** Mitchell Beazley

*Penin Guide to Spanish Wine 2016* is the most comprehensive and widely-read guide to Spanish wine, with ratings on almost 11,000 wines and information about 2,100 top wineries. This essential reference book includes the latest vintages and wines ready for release in 2016; visiting wineries across Spain and tasting a range of regional wines to suit all palettes and price tags, providing independent and informative evaluations, featuring a best-value wine index as an aid to purchasing in stores and restaurants. This fantastic compilation also explores wine-growing, taking into account regional

environmental factors such as soil, climate and grape variety, whilst instructing readers on the basics of wine tasting, with advice on the best way to store and appreciate wine; this is an invaluable guide for both professionals and enthusiastic amateurs."

**White Wine Technology** Academic Press  
 A Spanish cook and wine merchant presents recipes for traditional Spanish dishes for every meal course and suggests appropriate Spanish wines  
*The New Spain* Infinite Ideas

"I traveled over the course of almost two years with photographer Estanis Núñez, an old friend of mine, just like we used to in our rock'n'roll days, taking photos, eating and drinking together. This book contains 14 profiles of vigneron, each of them different, spanning most of the wine-producing regions of Spain. There are

others, but this is my personal selection. Their profiles talk about the history, landscape, vineyards, cuisine, passion and tradition of their region. You won't find tannins, anthocyanins, vintages, points or tasting notes here. I am hardly going to talk about wine at all. But you will find the often-forgotten human side and the context of what is in the bottle, including local cuisine (where wine plays an important role) as well as each winegrower's personal take on it. Their main aim in life is to portray the uniqueness of their vineyards, villages and landscapes through a bottle of wine. Wine that can transport you back to the time and place it was produced the moment you drink it. These are the new vignerons. A new generation of Spanish winegrowers."

### **The Finest Wines of Rioja and Northwest Spain** Survival Books

Wine lovers everywhere are starting to realize what the pros have known for some time: Spain delivers some of the world's highest-quality wines for the money. The big question many consumers have, though, is where to start in their Spanish wine journey. *Decoding Spanish Wine: A Beginner's Guide to the High-Value, World-Class Wines of Spain* cuts through the jargon and complexities to present the grapes, regions and culture of Spain in a concise, approachable format that will have beginning and middle-stage wine consumers on their way to becoming Spanish wine pros. Learn about the different types of grapes used in Spanish wines, along with the classifications listed on the bottle. Understand the main regions producing wine and how their culture and methods differ so you can better find wines that suit your tastes. Discover how you can visit a wine shop or restaurant and uncover some of the best bargains. Most importantly, have fun while you're doing it. Broadening your wine horizons doesn't have to involve bulling your way through a dense collection of mindnumbing facts. Written in an entertaining, easy-to-digest fashion, *Decoding Spanish Wine* includes the core info you need to get started on your journey to enjoying a new world of exciting, high-value wine from one of the planet's greatest wine-producing countries.

*A Traveller's Wine Guide to Spain* Mitchell Beazley

Spain has more land under vine than any other country in Europe, and over the past thirty years has transformed its wine industry into one of the greatest in the world. Using a unique combination of native and imported grape varieties, Spain

now produces a wide range of quality wines. Yet its wine regions and villages, many of which are located in unspoiled and remote areas, remain relatively unknown. The authors introduce the wine-loving traveler to these regions providing a background to their wines and leading bodegas, or wineries.

*Sherry and the Wines of Spain* National Geographic Books

There's no doubt about it, Spain is the most exciting country in Europe when it comes to wine. As Europe's second most mountainous country, with exposure to seas and oceans on every side, it's very diverse in terroir, culture, language and lifestyle. In northern Spain there are four main wine producing areas: Rioja, Galicia, Catalonia and Ribera del Duero in Castilla y Leon. Each is unique and produces fine wines with its own Denomination of Origin guarantee. The heart of wine-producing northern Spain is Rioja, which has produced high quality wines for centuries. (In the 1800s Rioja benefited from its alliance with Bordeaux, conferring technological advantages unknown to other Spanish regions.) But quality doesn't stop in Rioja. Navarra is home to many of the most modern and cutting edge producers. Calatayud and Campo de Borja are home to some of the greatest Grenache vineyards in the world outside of the Southern Rhone, and Priorat and the surrounding area of Montsant in Catalonia produce some of the renowned Spanish wines. Sarah Jane Evans, the world's leading authority on the wines of Spain, begins with a history of the region: from phylloxera, the replanting of different, and international, varieties through the aftermath of the Civil War and the effect on the wine industry, to recovery and innovation in late 20th century, the promise of the 21st century and the rediscovery of indigenous varieties, as well as a quick detour through the recent effects of the economic crisis. She then takes the sub-regions in turn, starting with a profile before opening out into discussion of the key producers and their top wines. Evans' sure-footed guide to the wines of northern Spain is an essential companion for anyone interested in Spanish wine, from students and professionals to interested wine tourists.

*The Foods and Wines of Spain* Avery

- Now in its 31st edition, this is the definitive guide to Spanish wine - Includes a free web code that allows access to the Grupo Peñín online database of wines Now in its 31st edition, the Peñín Guide Spanish Wine 2021 is the definitive guide to Spanish wine. Each year our team of

tasters travels to every wine-growing area of Spain to taste and review new varieties, labels and vintages, and this year's edition of the guide contains information on more than 10,500 new wines. Whatever your budget, the Peñín Guide is the indispensable guide for those who want to discover the best of Spanish wine.

*Reverse Wine Snob* Penguin

This Palgrave Handbook offers the first international comparative study into the efficiency of the industrial organization of the global wine industry. Looking at several important vineyards of the main wine countries, the contributors analyze differences in implementation and articulation of three key stages: grape production, wine making and distribution (marketing, selling and logistics). By examining regulations, organization theory, industry organizational efficiency and vertical integration, up to date strategies in the sector are presented and appraised. Which models are most efficient? What are the most relevant factors for optimal performance? How do reputation and governance impact the industry? Should different models co-exist within the wine countries for global success? This comprehensive volume is essential reading for students, researchers and professionals in the wine industry.

*Adventures in Taste* Academic Press

The Pen Guide is the leading Spanish wine guide brand for professionals and enthusiasts; this volume features wines from Argentina, Chile, Spain and Mexico. The guide presents a realistic evaluation of wines in all countries covered, and includes truly

*Tapas* Createspace Independent Publishing Platform

Required reading for wine lovers and the most comprehensive source of information available about Spanish wines, both for the committed connoisseur and the novice wine lover. These are exciting times to be studying and drinking Spanish wines and the country now makes as many different styles of wine as any country, with the best able to hold their own in any company. Contains a complete survey of all Spain's wine regions, including information about the grapes used, bodegas and recommended wines.

*The Wines of Spain* Interlink Books

The companion volume to Evans' *The Wines of Northern Spain* explores the great variety of wines produced across the rest of Spain. Beginning in the east with Catalunya, the book journeys south down the Mediterranean coast to the Levante. The heart of Spain, including Madrid and La Mancha is explored before we reach Andalucia in the south and voyage on to

the Balearic and Canary Islands. The regions covered could not be more different, separated by language, customs and history as well as by gastronomy and wines. After a chapter on key grape varieties Evans explores each region in turn, relating its history, exploring current trends in winemaking and viticulture and profiling the key producers. There is also a chapter on Spain's sparkling wines.

**The Wines of Spain** Grupo Penin Lists recommended producers and vintages; includes travel tips on local cuisine, restaurants and places to visit. Covers sherries, spirits and liquers, as well as covering the classics such as Rioja and cava.

*PENIN GUIDE TO SPANISH WINE 2016*

Doubleday Books

The Penin Guide to Spanish Wine 2015 is the most comprehensive and widely-read guide to Spanish wine, with ratings on almost 11,000 wines and information about 2,000 top wineries. This essential reference book includes the latest vintages and wines ready for release in 2015; visiting wineries across Spain and tasting a range of regional wines to suit all palettes and price tags, providing independent and informative evaluations, featuring a best-value wine index as an aid to purchasing in stores and restaurants. This fantastic compilation also explores wine-growing, taking into account regional environmental factors such as soil, climate and grape variety, whilst instructing readers on the basics of wine tasting, with advice on the best way to store and appreciate wine; this is an invaluable guide for both professionals and enthusiastic amateurs."

*The Simon & Schuster Guide to the Wines of Spain* Eken Press

Spain and its wine. An English teacher and a mission. So begins "Let's Open a Bottle ? an original, fascinating and humorous look at the Spanish wine revolution. The author, a U.S expatriate living in Madrid for the past fifteen years, takes the reader on his personal journey to search out a three-thousand-year-old tradition undergoing a veritable turnaround of the likes never seen before. Along the way he shares with us an entertaining array of characters and scenes that represent the inseparable bond between a culture and its most venerated drink. "Let's Open a Bottle will appeal to the wine enthusiast as well as the novice; the avid traveler or those looking to take their first adventure to Spain. Or anyone looking to read a good adventure story. This book is fun, easy to read and filled with charm and wit. Open it up and see for yourself.

*The Palgrave Handbook of Wine Industry*

*Economics* Miller/Mitchell Beazley White Wine Technology addresses the challenges surrounding white wine production. The book explores emerging trends in modern enology, including molecular tools for wine quality and analysis of modern approaches to maceration extraction, alternative microorganisms for alcoholic fermentation, and malolactic fermentation. The book focuses on the technology and biotechnology of white wines, providing a quick reference of novel ways to increase and improve overall wine production and innovation. Its reviews of recent studies and technological advancements to improve grape maturity and production and ways to control PH level make this book essential to wine producers, researchers, practitioners, technologists and students. Covers trends in in both traditional and modern enology technologies, including extraction, processing, stabilization and ageing technologies Examines the potential impacts of climate change on wine quality Provides an overview of biotechnologies to improve wine freshness in warm areas and to manage maturity in cold climates Includes detailed information on hot topics such as the use of GMOs in wine production, spoilage bacteria, the management of oxidation, and the production of dealcoholized wines

**The Wines of Spain & Portugal** Classic Wine Library

Picturesque Rioja, Spain's most prominent wine region, is a new world within a very old world. Winemaking here dates to Roman and medieval times, and today modern wineries designed by Gehry, Calatrava, and other celebrity architects flourish alongside traditional villages. Lavishly illustrated with photographs of the people and landscape and with detailed maps, this guide ranges over a diverse area from Rioja to Navarra, Bierzo, Galicia, and the Basque country as it explores winemaking from the ancient to the traditional and modern. Written by a trio of experts on Spanish wine, it provides insider information on a region home to Spain's finest Tempranillo, its prestigious Albariño, and many other indigenous grape varieties such as Garnacha, Mazuelo, and Viura. The authors look in depth at topics including climate and soil, grape varieties, and viticulture, and profile more than 85 individual wineries. They also include information not available elsewhere: several top ten lists plus "secret addresses" for the best restaurants and shops in which to find aged and historic vintages of Rioja.

**The wines of Green Spain** Springer
