It is 4th of July holiday in Las Vegas, Nevada. One of the "best fun cities" in the world to visit with thousands of people living there and also thousands of people visiting from around the world. The big 4th of July fireworks event is centered around, "The Diamond Club Casino." Ed Johnson is the General Manager of The Diamond Club Casino, while Sally is his Administrative Assistant. He is in charge of all employees The Diamond Club Casino, some of them being pit bosses, black jack dealers, valet, maintenance, housekeeping, receptionists,

bell boys, security, etc. Two young girls who grew up as best friends, Rose and Rebecca from a small town in New Albin, Iowa 657 people decide to try their luck and leave their small town after Rose's Grandma Nana Meme passes away with little cash in their pockets. An addictive gambler named Kinsey loses everything he has, including his wife, Doreen of 32 years of marriage and his three kids. A Black Jack dealer named Jack Levin who is a college buddy of Ed Johnson's who has a cat named Tokyo gets a strange rash on his hand he can't get rid of. Three girls from Los Angeles, Bethany, Stephanie and Megan who finish their college final exams go to Las Vegas for the first time and meet three guys from New Jersey. Stephanie gets a rash on her foot and simply ignores it, thinking she got some kind of fungus from the pool. Jenny and Frank who are the every-day typical normal family with two children, Sofia and Laker are having marital problems due to Frank's brief fling with a work associate and they need a holiday away. A BATERIA rash breaks out and it is Dr. David Cooper and his team (Emily and Sylvia) at the Las Vegas Anderson Memorial Hospital who must find out where the rash is coming from. After finding out where the BATERIA rash is coming from, a press conference is held so people don't panic. But, also behind the scenes, there is a serial killer on the loose killing prostitutes in Las Vegas. EACH character will become "real" to you. Each one will share with you a "real" story about their lives. You may know one or more of these characters in your every day lives. they may be your best friend, your mom, your dad, a brother, a sister, a cousin, an aunt, an uncle, a neighbor next door or even someone you work with. If you ever visit Las Vegas, you will be sure to remember this book. It will take you places you have never been before nor ever thought you might be. It is BASED ON ACTUAL EVENTS. And If we ever meet, you will be asking me. Which events are true and which events could have really happen? Welcome to LAS VEGAS BATERIA "What plays in Vegas, stays in Vegas!" by CC DARLING

When Jackie took her little sister, Karen, for a joy ride into Necropolis without telling her where they were really going, she only meant to have a good time. Give her a little scare. A desolate shell of its former self, Sin City still holds a certain temptation for those who like to gamble. But when the residents of the city awaken, what happens in Vegas... well, you know the rest. "Wilson is a dark force to be

reckoned with."--Trent Zelazny, author of Destination Unknown and Fractal Despondency What Happens in Vegas... is a fast-paced short story set in the Empire of Blood series. The critically-acclaimed first novel from the series, Shining in Crimson: Empire of Blood Book One, is currently available to read for free in the Kindle Owners Lending Library. Praise for Shining in Crimson: "A big-scale vampire thriller that changes the rules."--Scott Nicholson, author of Liquid Fear, The Red Church, and They Hunger "One of the best surprises I've had in a long while. Writing with a smart, self-assured ease, Robert S. Wilson has given us a gift with Shining in Crimson. Part Underworld, part Escape From New York, Shining in Crimson is genuinely frightening, genuinely thrilling, but above all, first-rate storytelling. I'm a Robert S. Wilson fan from now on!"--Joe McKinney, author of Flesh Eaters and Apocalypse of the Dead "Robert S. Wilson shows a lot of promise here with this debut novel. Now it's time to see where that promise will take him."--Ray Wallace, The Chiaroscuro "You'll not find some glistening torsos and smouldering eyes in this book. What you will find is a brilliantly thought out society of Vampires."--Jim McLeod, Ginger Nuts of Horror "The Mesh of Religious symbolism and political commentary tucked neatly between pure horror and suspense is superb."--Lisa Lane, The Cerebral Writer

The true story behind the Martin Scorsese film: A "riveting . . . account of how organized crime looted the casinos they controlled" (Kirkus Reviews). Focusing on Chicago bookie Frank "Lefty" Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic Wiseguy—basis for the film Goodfellas—Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust

and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the "Hole in the Wall Gang." For years, these gangsters kept a stranglehold on Sin City's brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal's disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner's wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia's longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. Casino is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this "fascinating true-crime Mob history" is a high-stakes page-turner (Booklist).

What Happens in Vegas is a comedy waiting to happen. It takes an old premise (drunk strangers regretting their decision to get married in Las Vegas) and adds in a dilemma (a \$3 million slot machine win) that could've been easily resolved. But then again, there would've been no movie if the unhappily wedded couple figured out that splitting the money in half and getting their marriage annulled would've been quick and effective. Cameron Diaz plays uptight clean-freak Joy, who has just been dumped by her fiance. Ashton Kutcher is Jack, a slacker furniture maker who has been fired--by his own dad. Each goes to Vegas to let off some steam. And while they have nothing in common (except being exceptionally good looking) they make out, get married, and fight over the money Jack wins with Joy's quarter. Instead of letting the couple get divorced, a judge sentences the odd couple to half a year of marriage. What happens in Vegas doesn't stay in Vegas, but extends into New York where Jack and Joy live. Both actors have fared well in comedies, especially Diaz in My Best Friend's Wedding. And while Kutcher still has to

live down Dude, Where's My Car?, he showed a lot of comedic flair and charm in A Lot Like Love. But the two face an uphill battle here with inane dialogue and a premise that not only is unbelievable, but unlikeable. The two are so incompatible (and immature) they can't even control bathroom time and, in Jack's case, his bladder.

The thirteen chapters of this book comprise an intriguing and informative entry into the world of proverb scholarship, illustrating that proverbs have always been and continue to be wisdom's international currency. The first section of the book focuses on the field of paremiology (proverb studies) in general, the spread of Anglo-American proverbs in Europe, and the phenomenon of modern proverbs. The second section analyzes the use of proverbs in the world of politics, including a chapter on President Obama, while the third concentrates on the uses of proverbs in literature. The final section ends with detailed cultural studies of the origin, history, dissemination, use, function, and meaning of specific proverbs. Noted scholar Wolfgang Mieder shows that proverbs matter in culture, literature, and politics. Proverbs remain part and parcel of oral and written communication, and, he demonstrates, they deserve to be studied from a range of viewpoints. While various chapters deal with a variety of issues and approaches, they cohere through a rhetorical perspective that looks at the text, texture, and context of proverbs as speech acts that make a noteworthy impact on culture and society. Whether proverbs appear in everyday speech, on the radio, on television, in films, on the pages of newspapers or magazines, in advertisements, in literary works, or in political speeches, they serve as formulaic verbal devices to add authoritative weight through tradition, convention, and wisdom.

The Dating Dilemma What Happens in Vegas Stays on YouTube"Privacy is dead. The new rules for business, personal, and family reputation."--Cover.Just Friends in Vegas

The greatest threat to privacy today is not the NSA, but good-old American companies. Internet giants, leading retailers, and other firms are voraciously

gathering data with little oversight from anyone. In Las Vegas, no company knows the value of data better than Caesars Entertainment. Many thousands of enthusiastic clients pour through the ever-open doors of their casinos. The secret to the company's success lies in their one unrivaled asset: they know their clients intimately by tracking the activities of the overwhelming majority of gamblers. They know exactly what games they like to play, what foods they enjoy for breakfast, when they prefer to visit, who their favorite hostess might be, and exactly how to keep them coming back for more. Caesars' dogged data-gathering methods have been so successful that they have grown to become the world's largest casino operator, and have inspired companies of all kinds to ramp up their own data mining in the hopes of boosting their targeted marketing efforts. Some do this themselves. Some rely on data brokers. Others clearly enter a moral gray zone that should make American consumers deeply uncomfortable. We live in an age when our personal information is harvested and aggregated whether we like it or not. And it is growing ever more difficult for those businesses that choose not to engage in more intrusive data gathering to compete with those that do. Tanner's timely warning resounds: Yes, there are many benefits to the free flow of all this data, but there is a dark, unregulated, and destructive netherworld as well.

Lexi's Reminders * Work. * Don't think about your birthday tomorrow. Or debt, your crappy apartment, and nonexistent social life. * Re-stock wine and ice cream because that's coming. * Die in a raging blaze of humiliation when the super-hot and very delicious fireman waiting in your office is not in fact the strip-o-gram birthday present you suspected. * Reschedule the fire safety inspection you 100 percent failed because of said humiliation. * Figure out how you, in fact, agreed to fake dating Mr. Not a Strip-O-Gram Fireman to help him with a bet. * Oh yeah, and do not fall for this guy. Seriously, they call him One Night O'Neil. Red flags all over the place. * Remember, this is fake dating, even though his very talented, very real lips are doing some sexy things you definitely like. * Realize bending one tiny rule can't be that bad, can it? * Except bend too far, and something breaks. Something you can't get back.
